

Arrows

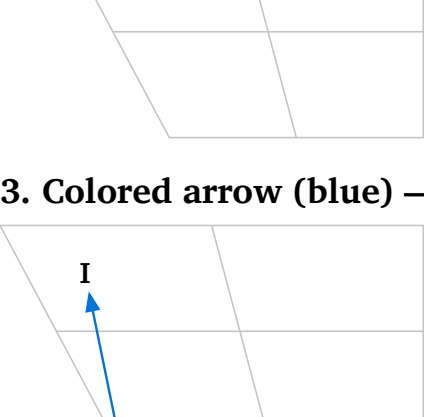

1a. Solid arrow — diphthong au (“out”), straight

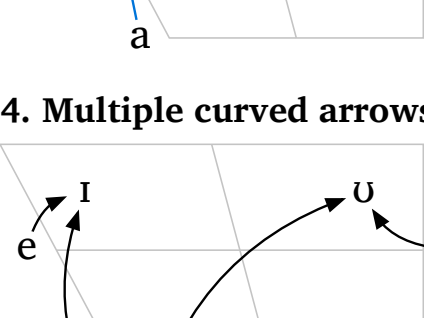

1b. Same, curved

2. Dashed curved arrow — diphthong ei (“day”)

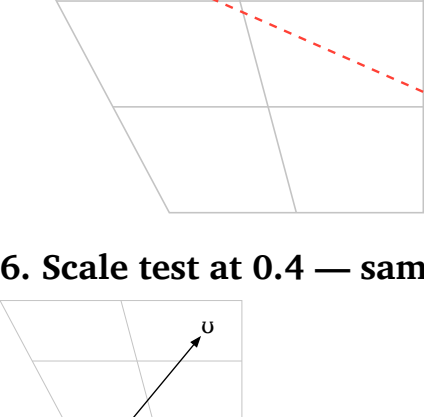

3. Colored arrow (blue) — diphthong ai (“my”)

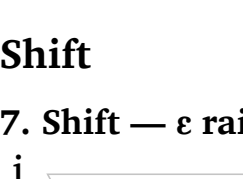

4. Multiple curved arrows — English diphthongs ei, ai, au, ou

5. Red dashed arrow — diphthong oi (“boy”)

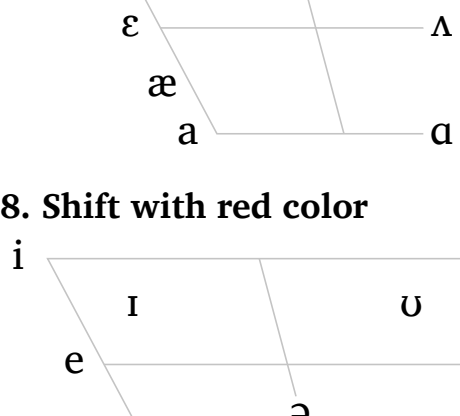

6. Scale test at 0.4 — same au arrow, smaller chart

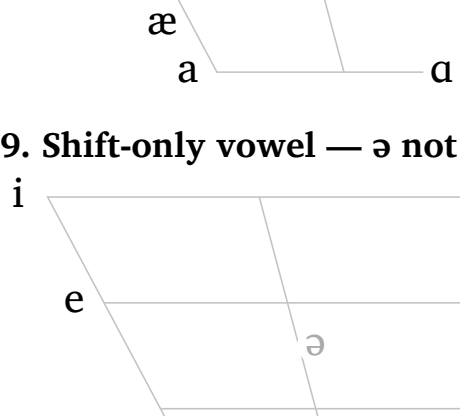

Shift

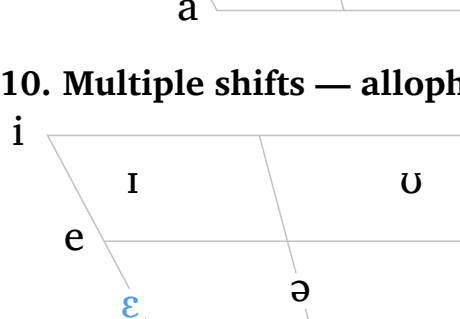

7. Shift — ε raised slightly (default gray)

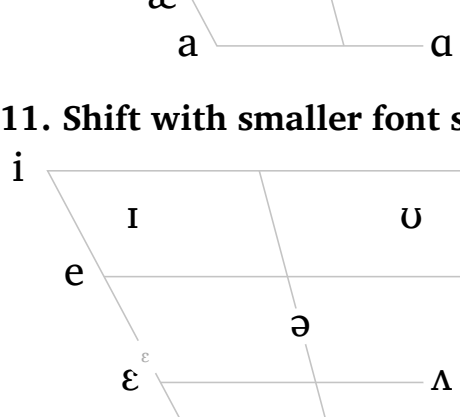

8. Shift with red color

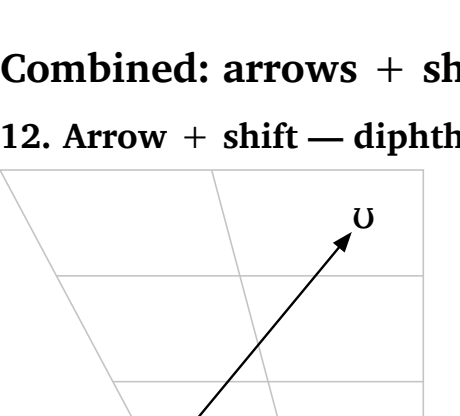

9. Shift-only vowel — ə not in base set, created by shift

10. Multiple shifts — allophones of ε and o in blue

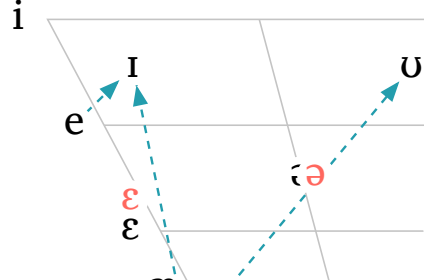

11. Shift with smaller font size (10pt)

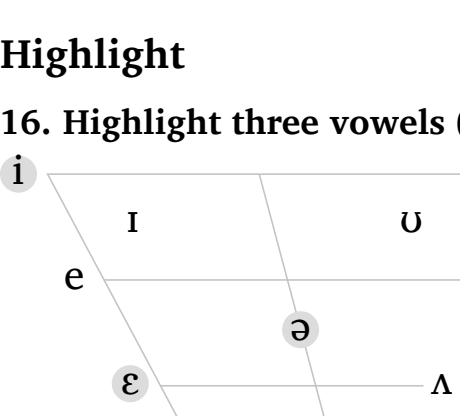

Combined: arrows + shift

12. Arrow + shift — diphthong au with shifted allophone of a

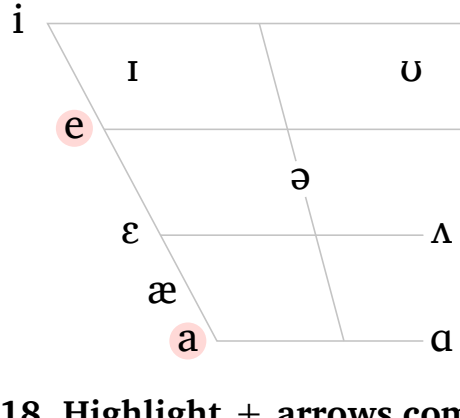

13. Full English chart with diphthong arrows and allophone shifts

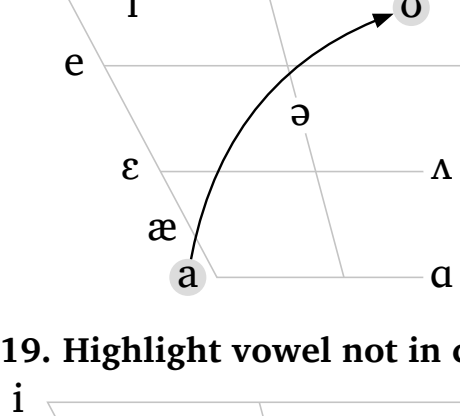

Highlight

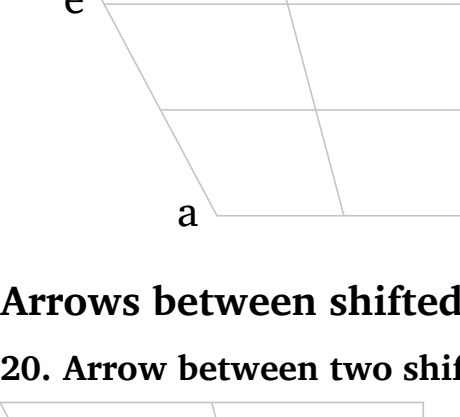

16. Highlight three vowels (default light gray)

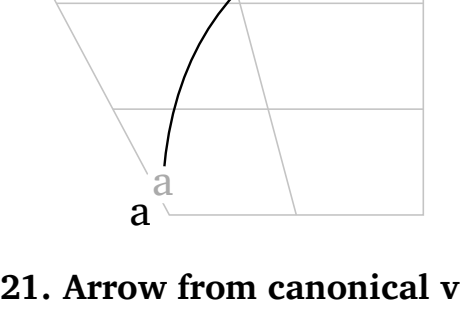

17. Highlight with custom color

18. Highlight + arrows combined

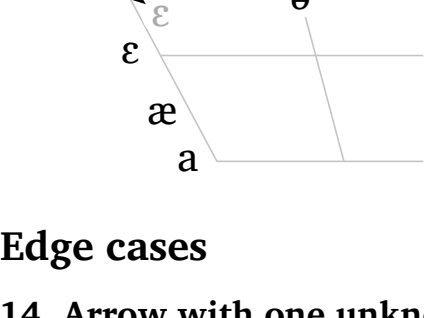

19. Highlight vowel not in chart — should silently skip

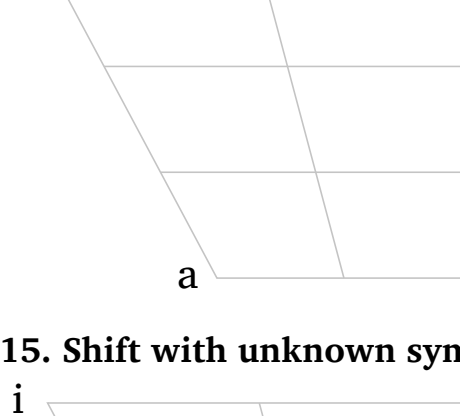

Arrows between shifted vowels

20. Arrow between two shifted vowels

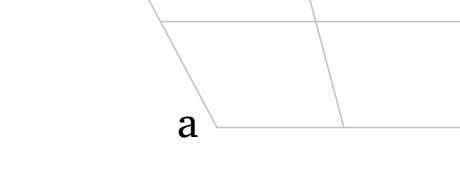

21. Arrow from canonical vowel to a shifted one

Edge cases

14. Arrow with one unknown symbol — should skip silently

15. Shift with unknown symbol — should skip silently
